一、 The product introduction

COOV SH350 Plus is independently developed by Shenzhen COOVUP Technology Co., LTD. It allows users to transfer HDMI devices such as SWITCH, MacBook, Samsung, Huawei, and other major TYPE-C devices to enjoy a large screen.

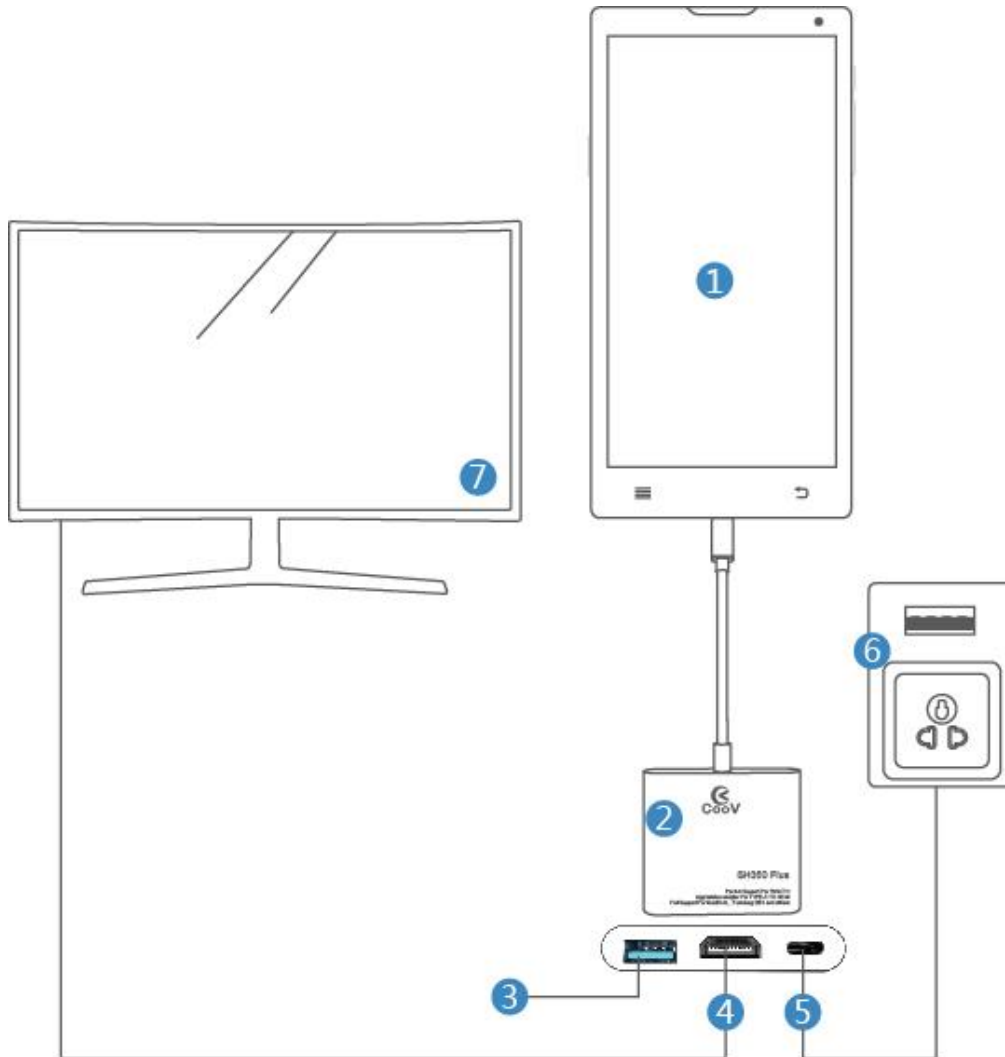

二、Connect to the Switch host

1. Connect the HDMI cable and TYPE-C charging cable to the bottom connector of the SH350 Plus.
2. Connect the SH350 Plus TYPE-C cable to the TYPE-C port on the bottom of the SWITCH main unit to cast the screen.

≡. Connect the phone

1. Connect the HDMI cable and TYPE-C charging cable to the bottom connector of the SH350 Plus.
2. Connect the SH350 Plus TYPE-C cable to the TYPE-C port of the mobile phone to cast the screen.
